

**As from 2019-05-06 Bällsta Mekaniska AB has taken over the operational responsibility of Svenska Haland Teknik AB ("Haland").**

Bällsta Mekaniska AB is a CNC turning specialist company with focus on advanced Swiss type turning. Through the take-over, Haland will broaden it's customer offer within mid to high volume production of turned parts up to 70 mm in diameter. Bällsta Mekaniska is also located in the Stockholm area. The current CEO of Bällsta Mekaniska Mr Per Hyppel has taken the position of CEO of Haland.

Don't hesitate to contact us about our new extended production capabilities, or if you have any questions about the take-over.
